Position: Junior Designer

Duration: full-time, permanent

Location: 5468796 Architecture, 266 McDermot Avenue, Winnipeg

Salary: compensation commensurate with experience

Who we are:

5468796 Architecture Inc. is a Winnipeg-based studio established in 2007. Working around a single table, the practice unites the diverse knowledge and experience of twenty professionals. Together, we believe that every client, user, and civic environment – regardless of budget – deserves an outcome that advances architecture. The firm’s work has received numerous awards and recognitions regionally, nationally and internationally, and its work has been published in over 200 books and publications. We live and breathe design and we love what we do.

What we offer:

- The opportunity to work in a creative environment with exciting + innovative content and be a part of a fun, collaborative team
- Career development opportunities, including mentorship and training
- Comprehensive health and dental benefits
- Profit Sharing Incentive Plan (upon completion of probationary period)
- Vibrant open office work environment

The opportunity:

5468796 Architecture is fast-growing company in a unique niche market and we are looking for a special person to contribute to our office in an assisting role directly under a Project Architect or Principal on a variety of project types from project conception to completion. You would work as part of a collaborative and creative team of Architects and Designers, providing support through visualization, 3D modelling, physical modelling, diagrams and renderings, the production of graphically compelling content for presentations and proposals, and design and construction drawings and documents.

If you are an individual with a background or education in design and/or architecture (B.Env.D., M.Arch. or B.Arch.) and have a positive, can-do attitude, superior organizational skills and a passion for graphic communication and visualization, we’d love to talk. Our future looks bright, and so could yours. Not sure yet? No worries – it’s inspiring around here. We’ve worked hard to build a workplace where people feel like a family. If you share our people-centred values, let’s connect.

What we're looking for:

- Strong 3D modelling and rendering skills: Sketch-Up, V-Ray, Rhino
- Experience with CAD programs (knowledge of Vectorworks and AutoCAD is considered an asset)
- Proficient in Adobe Creative Suite (InDesign, Illustrator, Photoshop)
- Experience with Mac computers and knowledge of associated software including Pages, Numbers and Keynote
- Creative thinking with a strong ability to communicate graphically
- Highly organized with clear communication skills (both verbal and written)
- Team-minded with a go-getter attitude, ability to roll with the punches and get things done
- Interest in design culture and the larger purpose of architecture
- Ability to self-edit and receive constructive critique
- Work experience in an architectural practice is an asset but not a requirement

Interested candidates:

Interested candidates are invited to send a Cover Letter+CV / Portfolio to employment@5468796.ca
