

Bouwen Architecture is a full-service design, prime consulting and project management company seeking new team members! We are a group of positive, supportive and collaborative professionals who place service at the forefront of our offering, and we are seeking someone who is of like mind.

Established in 2013, we are a quickly growing office, committed to engaging you in all aspects of the arc of professional practice!

For immediate employ, we are seeking two Architectural Interns to join us, to provide assistance in design, construction documents, detailing and administrative support.

Strong AutoCAD and / or Revit skills and Microsoft Office skills are a must.

Credentials and experience required:

- Degree or Architecture or related subject area
- Experience working in a firm
- Proficiency with AutoCAD and / or Revit
- Excellent organizational skills
- Ability to work independently and within a team
- Good communication skills

Bouwen Architecture is an equal opportunity employer, hosting a diverse and inclusive workplace. We offer highly competitive salary package and an exceptional group health & dental benefits plan.

To apply: Please email [bouwen.careers@gmail.com](mailto:bouwen.careers@gmail.com) with your resume and a cover letter, to the attention of Management.
