

TKA+D Architecture + Design

Position: Architect

Level of Experience: Intermediate/Senior

Organization Description:

TKA+D is a young innovative architecture and interior design firm located in Vancouver, Canada. We are a medium sized firm of approximately 45 people with a passion for high quality, innovative design while providing our clients with exceptional personal service.

Our mission is to nurture our team to be aligned toward our common goals through the embodiment of our key guiding principles.

- Design excellence
- Technical perfection
- Environmental sustainability
- Service with humility & respect
- A balanced and healthy lifestyle

Our work covers a wide range of project types including Municipal, Recreational, Commercial, Office, Residential, Industrial, Institutional and Interiors.

We fully embrace BIM in all our projects and have been utilizing Revit as our primary documentation platform since our inception.

We have recently secured a number of very exciting projects and are looking for talented team members as well as team leaders to bring on at the outset. We embrace sustainability in all our work and are currently working on LEED, Carbon Neutral, Passivehaus and mass timber projects.

Job Description:

We are currently searching for Intermediate and Senior Architects registered or eligible to be registered in BC with a passion for creating buildings with high technical standards while realizing and maintaining a consistently high design quality.

While we are looking for people who are specifically suited to our immediate needs, we are also searching for individuals who exhibit an interest and potential for future leadership positions in our firm. Applicants should have proven experience in the design development, documentation, and management of projects from inception to completion.

The successful applicant will possess:

- Min 5 years industry experience
- Excellent Design Skills
- Have excellent technical skills in concrete, steel and / or wood construction documentation.
- The proven ability to execute design ideas into built form with technical excellence.

- Contract Administration Experience
- A desire for a long term position with growth potential
- Experience in BIM documentation (preferably Revit)

Please send resumes to careers@tkad.ca in pdf format. Please no mail or telephone enquiries.

TKA+D welcomes applicants working remotely within Canada
